Get Your Man!

When you talk to a man you deal directly with an individual.

When you talk to a crowd you don't deal with anybody in particular.

But,—when you talk to your numerous clients, customers, or prospects through Might's Mailing Lists and Might's Facsimile Letters though you deal with them all at the same time, you are dealing with each individual by himself. And you make every last one of them feel that he has been singled out for personal attention.

Both of these branches of Might's Service represent the utmost in mechanical perfection. The mailing lists are compiled with accuracy and completeness and the letters are the finest specimens of correspond ence material that can be produced. Through the lists you can select any group, class, or society of citizens, classified locally, by professions, political inclinations, societies, financial standing or many other ways, and send him an individual, intimate, action-getting message.

Consult us regarding the advisability of a closer connection with your clientele.
